

Introducing FrogHub

Unique. Insightful. Flawless.

Frogparking is a world-leading provider of comprehensive parking management solutions. Currently, we hold the unique position as the only company capable of delivering a complete customized end-to-end package, from access to exit. Our in-house agile global team are committed to crafting aesthetically pleasing parking solutions, whilst constantly developing and using cutting-edge technology. We hold several pioneering achievements; the first to introduce outdoor solar sensors, incorporate LiDAR technology into indoor sensors, and to develop a self-resetting barrier arm.

With a rich fifteen-year history, we confidently endorse our products, knowing their ability to withstand the test of time. Beyond their innovative nature, our products are not only reliable but also enjoy a trusted reputation. We pride ourselves on helping our customers increase yield, reach revenue potential and support their overall organizational goals.

FrogHub

Your Cloud-Based Reporting Software

Data driven business decisions

Take the hard work out of it. Let FrogHub assist decision-making around policy to help you achieve revenue goals. Not to mention unparalleled insights into your technical, operational & revenue collection data

Rates engine

FrogHub facilitates pricing changes in real-time with a simple few clicks on your mouse. Not only that, you can even pre-schedule surge pricing to keep you extra organized

Collaborate with cyber security

Frogparking takes cyber security seriously, and alongside your cyber security / IT teams, we can help you reduce threats & downtime. With encryption & storage across multiple cloud-based servers, we have got you covered

Totally customizable

We will design the dashboard to assist your operational needs – alignment to your current reporting and focusing on your areas of interest.

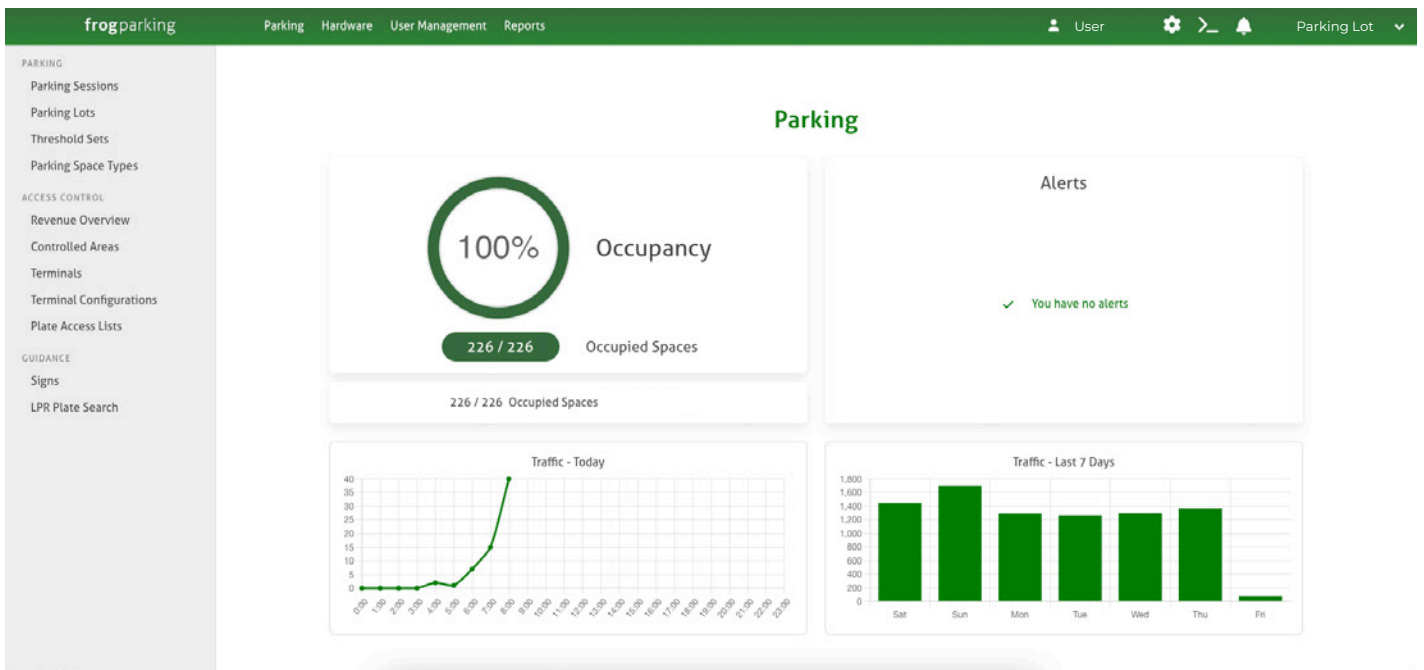

FrogHub stands as our flagship analytics and data dashboard. This cutting-edge tool assists you in making **optimal decisions for managing your parking asset**, boosting revenue, and enhancing the overall driver experience.

FrogHub is the first **customizable dashboard** on the market to deliver **unparalleled insights into your all aspects of your operational, technical and revenue collection data**. The real-time nature of this data facilitates seamless dynamic pricing and surge pricing adjustments. Additionally, scheduling features allow for editing and customization of rates in advance, minimizing administrative time during peak times and operational hours. The true beauty of FrogHub is that it's so user-friendly that there's no need for technical support, making it a hassle-free solution for your needs.

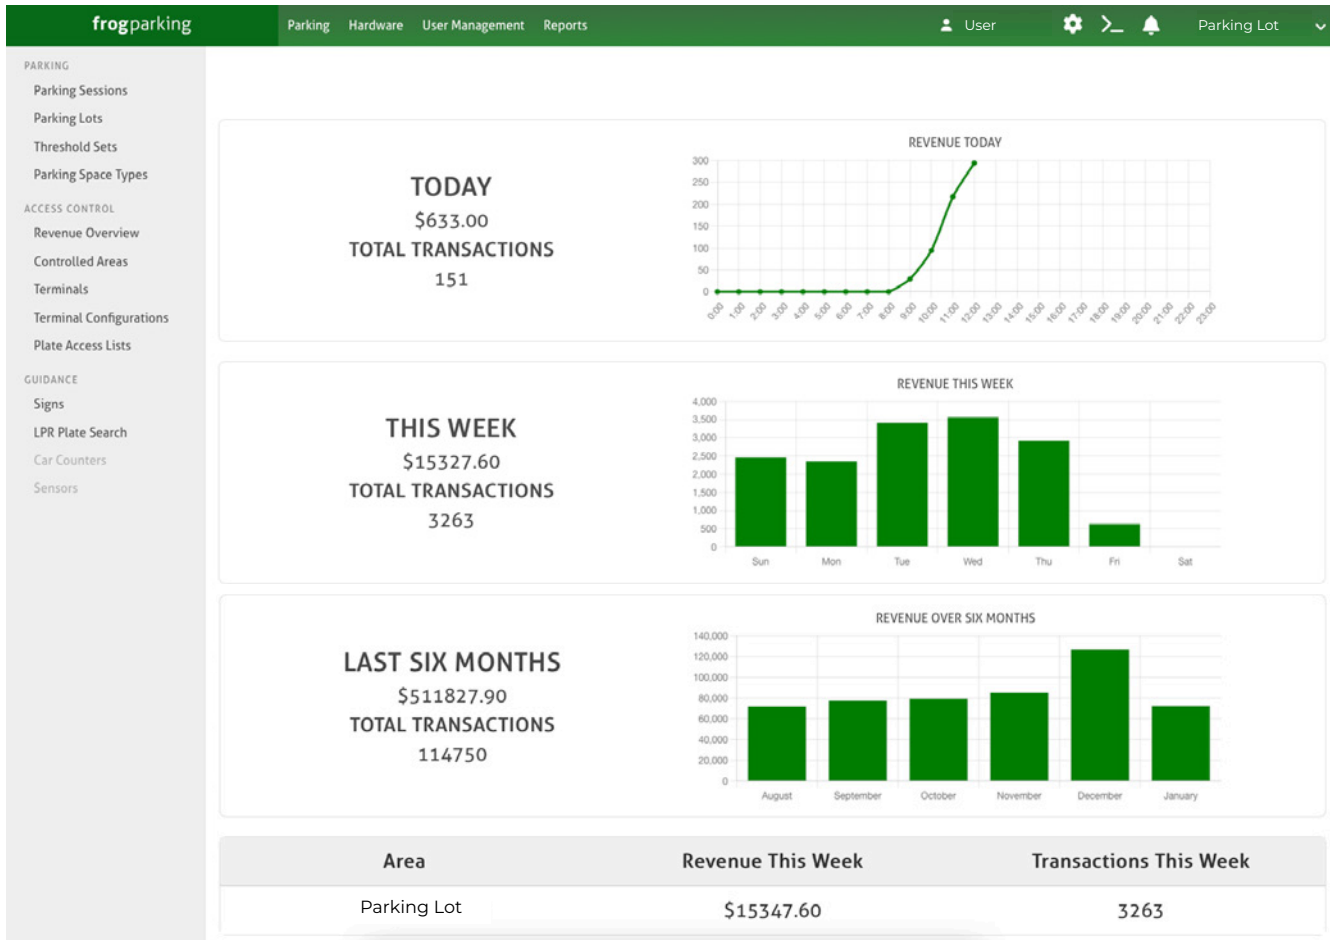

Access to widgets showing overview of system performance

From the moment you log in to your dashboard, you instantly gain insight into how your Frogparking system is performing. Your FrogHub dashboard provides live statistics **covering your occupancy & traffic flow**. Not to mention, keeping you up to date with any system alerts that need your attention.

Hovering over a specific data point or cluster will give you additional details.

Access to widgets showing live revenue performance

Explore the dynamic capabilities of the 'revenue overview' tab on your FrogHub dashboard, where you gain **instantaneous visibility into live transactions occurring on your site**. With FrogHub, you experience the power of real-time access to your site's operations, allowing you to stay in tune with the pulse of your business. FrogHub seamlessly and automatically updates to provide a **comprehensive snapshot of your total revenue**, allowing you to track financial performance. Hovering over a specific data point or cluster will give you additional details. This feature provides you with a clear understanding of your financial landscape, enabling informed decision-making and strategic planning for your business.

FrogHub

Custom reporting

Your 'reports' tab offers **exclusive access to tailor-made reports** covering technical, operational, and revenue collection data. FrogHub goes beyond the ordinary, by allowing complete customization to meet your requirements. Whether you're dealing with live or historical data, **FrogHub puts the power in your hands** to create reports that cater to your every need. No other dashboard gives you the extensive insight that FrogHub does. Explore some of our "crowd favorite" reports below:

Duration
How long customers are spending parked

Occupancy
View Occupancy data for your parking lot

Sessions By Access Type
Parking sessions and revenue by access type

Device Inventory
Organization Devices

Revenue
Revenue trends by hour and by day for selected lots/levels

Transaction List
View Transactions within a specified date range

Validations
View uses of Validation codes by day and code

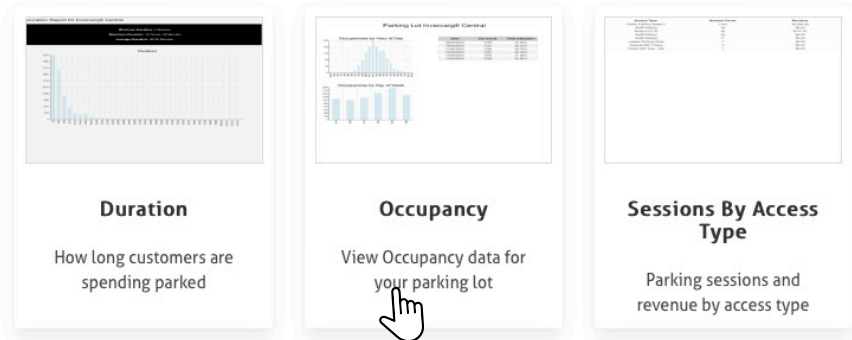

Tailor-made reports for your specific needs.

Need a specific report? Our team can slice up your data any way you need. Simply reach out to the team to discuss.

FrogHub

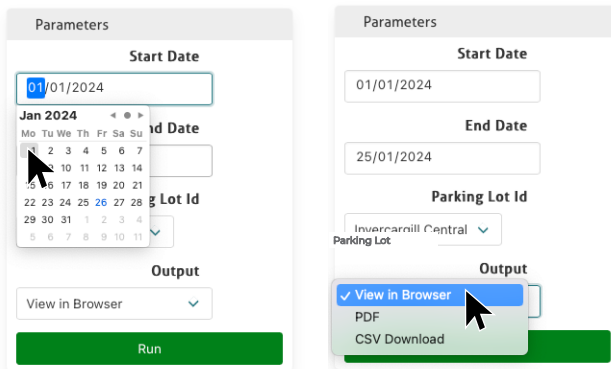

Generating a report

1 Select a report

2 Set your parameters

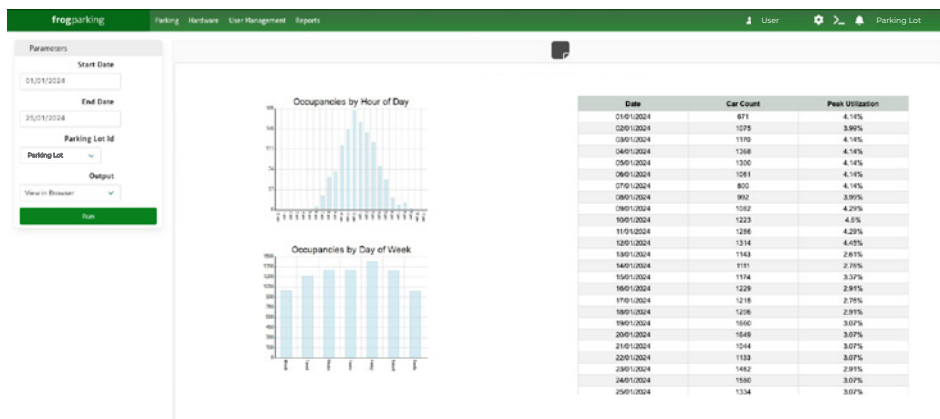

Set your dates, select your parking lot & choose how you want to view your data set.

The world is your oyster with **live and historical data at your fingertips**. Either view your data in your web browser, or get access to downloadable PDF or CSV documents.

3 Run

It's that easy.

Access to a live 3D performance model

A functional tool to **visualize** **your parking facility at work**

The FrogHub 'operator console,' provides you with a live, **immersive 3D rendering of your parking facility**. Witness your parking system and equipment in real-time, allowing you to effortlessly monitor available parking spaces and track vehicle occupancy and duration. The operator console not only offers a **fresh and dynamic visualization of your parking facility** but also ensures unlimited transparency into the intricate workings of your parking system. Experience a new level of insight and control, redefining the way you manage and optimize your parking infrastructure.
