Frogparking™

Frogparking is a world-leading provider of comprehensive parking management solutions. Currently, we hold the unique position as the only company capable of delivering a complete customized end-to-end package, from access to exit. Our in-house agile global team are committed to crafting aesthetically pleasing parking solutions, whilst constantly developing and using cutting-edge technology. We hold several pioneering achievements; the first to introduce outdoor solar sensors, incorporate LiDAR technology into indoor sensors, and to develop a self-resetting barrier arm.

With a rich fifteen-year history, we confidently endorse our products, knowing their ability to withstand the test of time. Beyond their innovative nature, our products are not only reliable but also enjoy a trusted reputation. We pride ourselves on helping our customers increase yield, reach revenue potential and support their overall organizational goals.

Embrace the future of parking with Frogparking - take a leap into the future with us, where possibilities are endless.

Frogparking

FrogMobile
Your mobile parking assistant

Introducing FrogMobile, the epitome of **modern parking convenience at your fingertips**. As an integral part of our comprehensive FrogOne ecosystem, FrogMobile is not just another parking app; it's a bespoke solution **tailored exclusively to your needs.** FrogMobile is a white-label application that has distinct 'a la carte' functionality options. This empowers you to select from a menu of available features, tailoring the app to align perfectly with your specific needs and preferences.

With an incredible amount of features, FrogMobile ensures a highly personalized and user-centric experience. FrogMobile continues to go beyond traditional boundaries to facilitate seamless parking interactions.

FrogMobile is more than an app - it's a personal parking assistant. We guarantee it will make parking hassle-free for all users, allowing them to navigate their vehicles with ease. Embrace a new level of parking convenience, tailored just for you, with FrogMobile.

FrogMobile
What makes FrogMobile unique?

Why choose FrogMobile?
What makes FrogMobile tick?

Widest payment options on the market

Experience unparalleled versatility with FrogMobile's wide array of payment options. Harness the power of QR codes, Apple Pay, Google Pay, Ali-Pay, WeChat, and more.

'A La Carte' functionality

FrogMobile is the customizable solution that will exceed all your parking expectations. Tailor your parking experience to perfection by selecting from a menu of features designed to enhance convenience, efficiency, and comfort. Your FrogMobile, your way.

White label customization

Move beyond the generic and embrace an app that is uniquely yours. Our white-label approach allows you to infuse your branding seamlessly, ensuring a distinctive and personalized app experience that resonates with your audience.

Multiple sign-in options

FrogMobile allows for multiple secure and convenient sign-in options. Users can effortlessly access the app using their Google or Apple credentials, or utilize organization-specific Single Sign-On (SSO) for streamlined authentication.

Supporting sustainability

By adopting a cashless and ticketless system, we not only simplify your parking experience but also significantly reduce your environmental footprint.

Intuitive & user-friendly

FrogMobile is so easy to use – it simplifies all aspects of the parking journey for your customers. Easily downloaded with simple sign up, it's as easy as 1, 2, 3.

Industry-leading security

Frogparking takes security seriously. Prioritize user data security with FrogMobile, ensuring a safe and trustworthy platform for all transactions and interactions within the app.

Guaranteed user satisfaction

FrogMobile guarantees a level of customer satisfaction like no other. Functioning not merely as an app, but as a personal parking assistant. Users can trust FrogMobile to make their parking hassle-free, ensuring a genuinely customer-first experience.

Enhanced Accessibility

FrogMobile is committed to accessibility for all users. We create an app, with you, to ensure it caters to a diverse range of users.

Continuous Innovation

Stay ahead with FrogMobile's commitment to continuous innovation. Benefit from regular updates and enhancements, ensuring that you always have access to the latest and most advanced features in the world of parking technology.

FrogMobile
What makes FrogMobile unique?

The 'A La Carte' menu
of available app features:

'Find my car'
In-app car locator

Never lose track of your parked vehicle with FrogMobile's 'Find my car' feature. The app guides users back to their parking spot, providing peace of mind and eliminating the stress of searching for their car.

'Find a space'
Live parking availability:

Stay informed in real-time with FrogMobile's live parking availability feature. The app provides a dynamic count of available parking spaces, allowing users to plan their parking based on up-to-the-minute information.

'Turn-by-turn directions'
with Google Maps

Navigate with confidence using FrogMobile's 'Turn-by-turn directions', seamlessly integrated with Google Maps. Effortlessly find your way to available parking, ensuring a stress-free parking experience.

'Cluster search'
functionality

Effortlessly locate uniquely-tagged parking spaces (such as ADA, EV, Parental, Emergency etc) with FrogMobile's advanced 'cluster search functionality. Tailor your parking search based on specific requirements, ensuring accessibility for all users.

'Search by business'
functionality

FrogMobile's search function extends beyond general locations, allowing users to seamlessly locate available parking near their intended destination. Whether you're heading to a specific business, restaurant, or event venue, FrogMobile ensures you find a park that is the most convenient for you.

'PocketPay'
top-up parking wallet

FrogMobile's parking wallet, PocketPay, offers users a flexible payment solution. Users can top up their accounts for pay-by-minute options or make hassle-free payments. Accepting a variety of credit cards, PocketPay provides unparalleled convenience and contactless experiences for all parking transactions.

'FrogTransport'
mobility platform

FrogTransport links users to a variety of transport and mobility services. The world is your oyster with this comprehensive platform ensuring a centralized solution for diverse accessibility needs.

'FrogPermit'
in-app parking permits

Simplify the parking permit process with FrogPermits. Enable all users to easily purchase and activate parking permits directly within the FrogMobile app.

'FrogValidate'
In-app parking validation

Let parking validation stress be a thing of the past with FrogValidate. Users can easily validate parking, eliminating manual processing. Adjust pricing and special access with a few clicks of your mouse.

'Integration' with
third-party systems

FrogMobile has the ability to link into third-party systems. Boost your app's functionality by providing alternate payment options, importing and displaying occupancy information from existing parking systems, open API connections, generate SSO for federated system logins & more.

Frogparking

Frog**Mobile**
Benefits

What are the benefits of **FrogMobile?**

1

Efficient parking workflows:
streamlining your experience

Discover hassle-free parking management with FrogMobile, empowering users to effortlessly navigate their parking experience. Our user-friendly platform ensures a seamless process, allowing users to efficiently handle their parking needs, empowering them to quickly move on with their day.

2

Cost-effective parking operations:
user-managed savings

FrogMobile significantly reduces internal parking operation costs by putting the user in the front seat of their own parking experience. With world-class features accessible on mobile devices, the need for traditional infrastructure diminishes, resulting in substantial operational savings and a leaner, more efficient system.

3

Financial optimization:
reducing capex/opex burdens

Experience a paradigm shift in cost efficiency as FrogMobile minimizes capital and operational expenditures associated with payment terminals. Say goodbye to cash handling, ticketing issues and manual permitting operations. This solution offers a financially strategic approach, ensuring a reduction in both upfront and ongoing costs while maintaining a high level of service.

FrogMobile
Features

Simplify parking management
with the FrogPermit 'plug-in'

FrogPermit is seamlessly integrated into FrogMobile, offering customers a hassle-free solution for purchasing and applying parking permits directly within their FrogMobile application. By empowering users to manage their own permits, **FrogPermit reduces unnecessary administration**, eliminates the need for paper permits, and allows for discounted parking rates.

Whether it's single-use, multi-use, or carpooling permits, FrogPermit covers all your parking needs. Achieve accessibility and sustainability goals with customizable permit options.

From application to payment and enforcement, FrogPermit ensures a **comprehensive and user-friendly experience**, connecting seamlessly with FrogHub for efficient approval, invoicing, payment processing, waitlists, validation, and more.

Frogparking

FrogMobile
Features
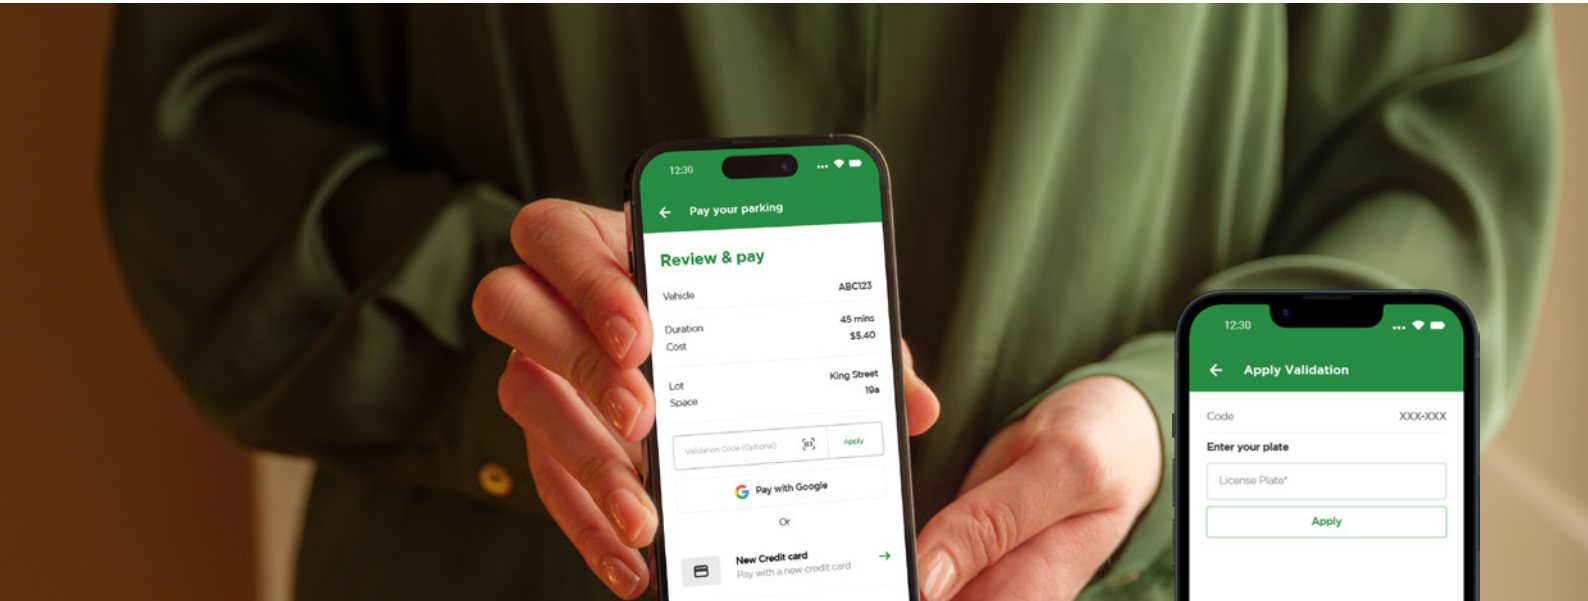

Parking validation is made simple with the FrogValidate 'plug-in'

Unlock a user-friendly parking validation experience with FrogValidate, seamlessly integrated into FrogMobile.

This innovative feature empowers customers to **enter validation codes directly within the app,** putting parking validation in their hands. Whether it's unlocking early bird rates, accessing limited free parking, or receiving special employee validations, FrogValidate ensures a **streamlined and efficient process.**

Say goodbye to the days of manual parking validation burdens on your staff; FrogValidate transforms the process, allowing users to effortlessly manage validations within the app.

Achieve enhanced accessibility and user satisfaction as FrogValidate streamlines the entire validation process, making it convenient, quick, and tailored to individual preferences. Welcome to a future where parking validation becomes as simple as a few taps on your smartphone.

FrogMobile
Features

More customization options with **third-party integration capabilities**

FrogMobile stands at the forefront of versatility, boasting unparalleled **integration capabilities with third-party systems.** Whether it's Single Sign-On (SSO) through a client's federated system, incorporating additional payment options akin to payroll deduction, or seamlessly importing and displaying live occupancy data from external sources, FrogMobile adapts to meet your unique needs. The app goes beyond simply offering the flexibility of API connections. We enable third-party developers to harness FrogMobile features, subject to terms and conditions.

The possibilities are truly endless, as our in-house software team possesses the expertise to shape the app into a fully customized solution tailored to your specific requirements. If a third party is ready to integrate, **FrogMobile becomes a dynamic canvas, capable of accommodating a diverse range of functionalities**.

Explore the boundless potential of FrogMobile, where integration meets innovation, and your app transforms into a fully customized, feature-rich solution.
