Introducing

FrogKiosk

Powered by

Streamlined. Simple. Safe.

Frogparking

FrogKiosk Features

Powered by

Cashless payments

Compatible with Google Pay, Apple Pay, We Chat Pay, AliPay, Paywave, QR code, Pin Number of Access Card, Mag Stripe, and more.

Ticketless system

Simply pay-by-plate. This means zero required paper ticket stock; lowering your overall maintenance costs and supporting the environment.

Implement dynamic pricing

Set operational specific rates for maximum revenue collection.

Instant rate updates

Kiosk system updates instantly to reflect your changes in parking rates and access rules with no additional charges.

Cloud storage

All digital data is stored on offsite servers via cellular data communication.

Sustainable

Superior engineering ensures less repair wastage. Built to stand the test of time.

Customizable interface

Customize user experience from the Frogparking Dashboard - including personalized branding, workflow and interface layout

Universal payment device

Ability to pay both on entry & exit, making it the world's-first universal payment device.

Seamless, ticketless and cashless parking made simple with flexible contactless payment options to suit any user.

Instant rate updates effective immediately on site with no additional charges, giving you complete control over your parking access whilst maximizing your revenue.

The latest in future-leading technology, featuring our modernized design to make your parking asset stand out.

Reduce your maintenance costs with a solution that has less moving parts and requires limited human interaction.

- ✔ One terminal for all use cases. Deploy only what you need where you need it
- ✔ Pay on foot, pay on entry or pay on exit terminals
- ✔ No on-site servers required
- ✔ Full color touch screen
- ✔ Ongoing maintenance costs reduced significantly with less moving operational parts
- ✔ Merchant set-up available
- ✔ Remotely configurable rate setting with instant implementation
- ✔ Maintained remotely

FrogKiosk Features

Powered by

Sustainable
Superior engineering ensures less repair wastage.
