

Introducing

# FrogPermit

Trusted. Smooth. Verified.

**Frogparking is a world-leading provider of comprehensive parking management solutions.** Currently, we hold the unique position as the only company capable of delivering a complete customized end-to-end package, from access to exit. Our in-house agile global team are committed to crafting aesthetically pleasing parking solutions, while constantly developing and using cutting-edge technology. We hold several pioneering achievements; the first to introduce outdoor solar sensors, incorporate LiDAR technology into indoor sensors, and to develop a self-resetting barrier arm.

With a rich fifteen-year history, we confidently endorse our products, knowing their ability to withstand the test of time. Beyond their innovative nature, our products are not only reliable but also enjoy a trusted reputation. We pride ourselves on helping our customers increase yield, reach revenue potential and support their overall organizational goals.

“The possibilities are endless when you **take a leap into the future** with Frogparking.”

All products can  
be tailored to  
your unique needs.

One system. One supplier.  
One dashboard.  
End-to-end supplier.

Completely cloud based  
system for seamless  
operations and control.

# FrogPermit

Specialized permitting software

## Your answer to a complete, verified end-to-end **permitting software solution.**

Our specialized parking permit solution is designed to manage the issuance, tracking, payments and enforcement of parking permits. It tracks workflows involved with both individual and business applications for parking permits.

Already trusted by a number of municipalities, hospitals, universities, and commercial parking operators – FrogPermit allows for a trusted, smooth and verified experience for all users. It's intuitive, user-friendly software that simplifies and smooths all aspects of managing permits within your parking asset. It puts the administrative work into the hands of users, resulting in a significant reduction in administrative expense and time.

FrogPermit can be run on a web portal, or via the FrogMobile app (which can be downloaded for iOS or Android). As with all Frogparking solutions – we support integration with several other parking management solutions, such as PARCS, guidance systems, enforcement software or handheld ticketing devices.

FrogPermit plays a crucial role in efficiently managing parking resources, optimizing revenue streams, ensuring compliance with parking regulations, and enhancing the overall parking experience for both administrators and drivers.

## What makes us unique?

---

## Why choose FrogPermit?

Why choose our solution over others in the market?

### Trending now

Say goodbye to outdated technology and hello to the new era in innovation. FrogPermit is one step ahead of the rest, ensuring both ease and control.

### Sustainable

Our hassle-free system means you won't need any paper permits, resulting in significantly reduced maintenance costs.

### Reduced Admin

Take the pressure off your administrative staff by automating processes. Not to mention that Frogparking keeps your system up to date effortlessly and remotely.

### Widest payment options on the market

Experience unparalleled versatility with a wide array of payment options. Harness the power of QR codes, Apple Pay, Google Pay, Ali-Pay, WeChat Pay, and more.

### Industry-leading security

Frogparking takes security seriously. Prioritize user data security with FrogPermit, ensuring a safe and trustworthy platform for all interactions within the software.

### Continuous innovation

Stay ahead with FrogPermit's commitment to continuous innovation. Benefit from regular updates and enhancements, ensuring that you always have access to the latest and most advanced features in the world of parking technology.

### Supporting sustainability

By adopting a cashless and ticketless system, we not only simplify your parking experience but also significantly reduce your environmental footprint.

### Intuitive & user-friendly

You can set complex parking requirements in real-time or schedule in advance to improve operational efficiency.

### Guaranteed user satisfaction

FrogPermit guarantees a level of customer satisfaction like no other. Functioning not merely as software, but as a personal parking assistant.

### Easy to monitor

Understand who is purchasing, and using permits and how often. Improve your revenue optimization and gain valuable insights with FrogPermit reports.

### Easy to configure

Effortlessly establish a diverse array of permits and features customized for distinct uses. Tailor your permitting options to cater to their specific needs and preferences.

# FrogPermit

## What makes us unique?

---

## Key features

What is FrogPermit capable of?

### Permit issuance

FrogPermit allows the issuance of permits based on various criteria such as residency, employment status, vehicle type, etc.

### Permit tracking

FrogPermit allows tracking of permit status, including renewal dates, expiration dates, and any associated fees or penalties.

### Reporting & analytics

FrogPermit provides reporting capabilities to generate insights into permit utilization, parking demand, revenue generation, and so much more.

### Online user portal

With FrogPermit you can utilize web portals for applicants to apply for permits, and manage their accounts remotely.

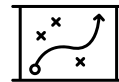

### Waitlist function

Experiencing an overflow of permit applicants? No need to stress. With FrogPermit's waitlisting feature, applicants exceeding your permit limit will be placed on a waitlist until a spot becomes available, then automatically allocated a permit.

### Carpool feature

With FrogPermit, multiple users can apply for a carpool permit. With our intelligent system, parking payments are automatically divided among the applicants. Share costs seamlessly while reducing traffic congestion.

### Strategic pricing adjustments

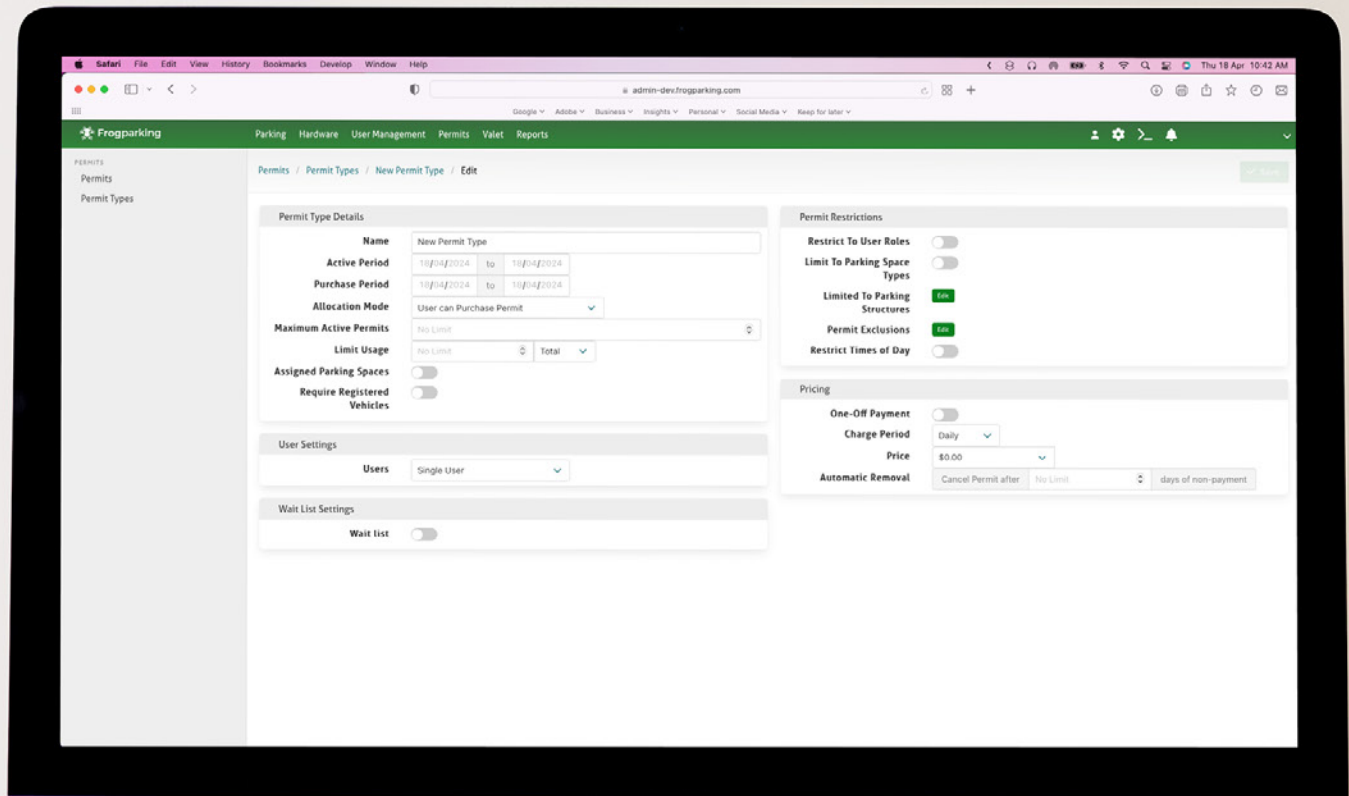

Tailor your pricing effortlessly to adapt to trends and maximize revenue potential. Elevate your permit system with precision pricing, all from FrogHub - your centralized system platform.

### Accept payments

Effortlessly take payments from applicants via web portal or FrogMobile. Boasting the widest range of payment options on the market, FrogPermit makes managing parking payments easy.

## What are the benefits of FrogPermit?

1

### Efficient parking workflows: streamlining your experience

Discover hassle-free permit management with FrogPermit, empowering users to effortlessly navigate and manage their own permit needs. Our user-friendly platform ensures a seamless process, simplifying all aspects of parking permit management.

2

### Cost-effective parking operations: user-managed savings

FrogPermit dramatically reduces internal parking operation costs by implementing preset permit codes, streamlining administrative tasks, and simplifying the setup of intricate parking permit requirements. With easily customizable tiers, it adapts effortlessly to various permit needs and scales up seamlessly. This results in significant operational savings and a more efficient system overall.

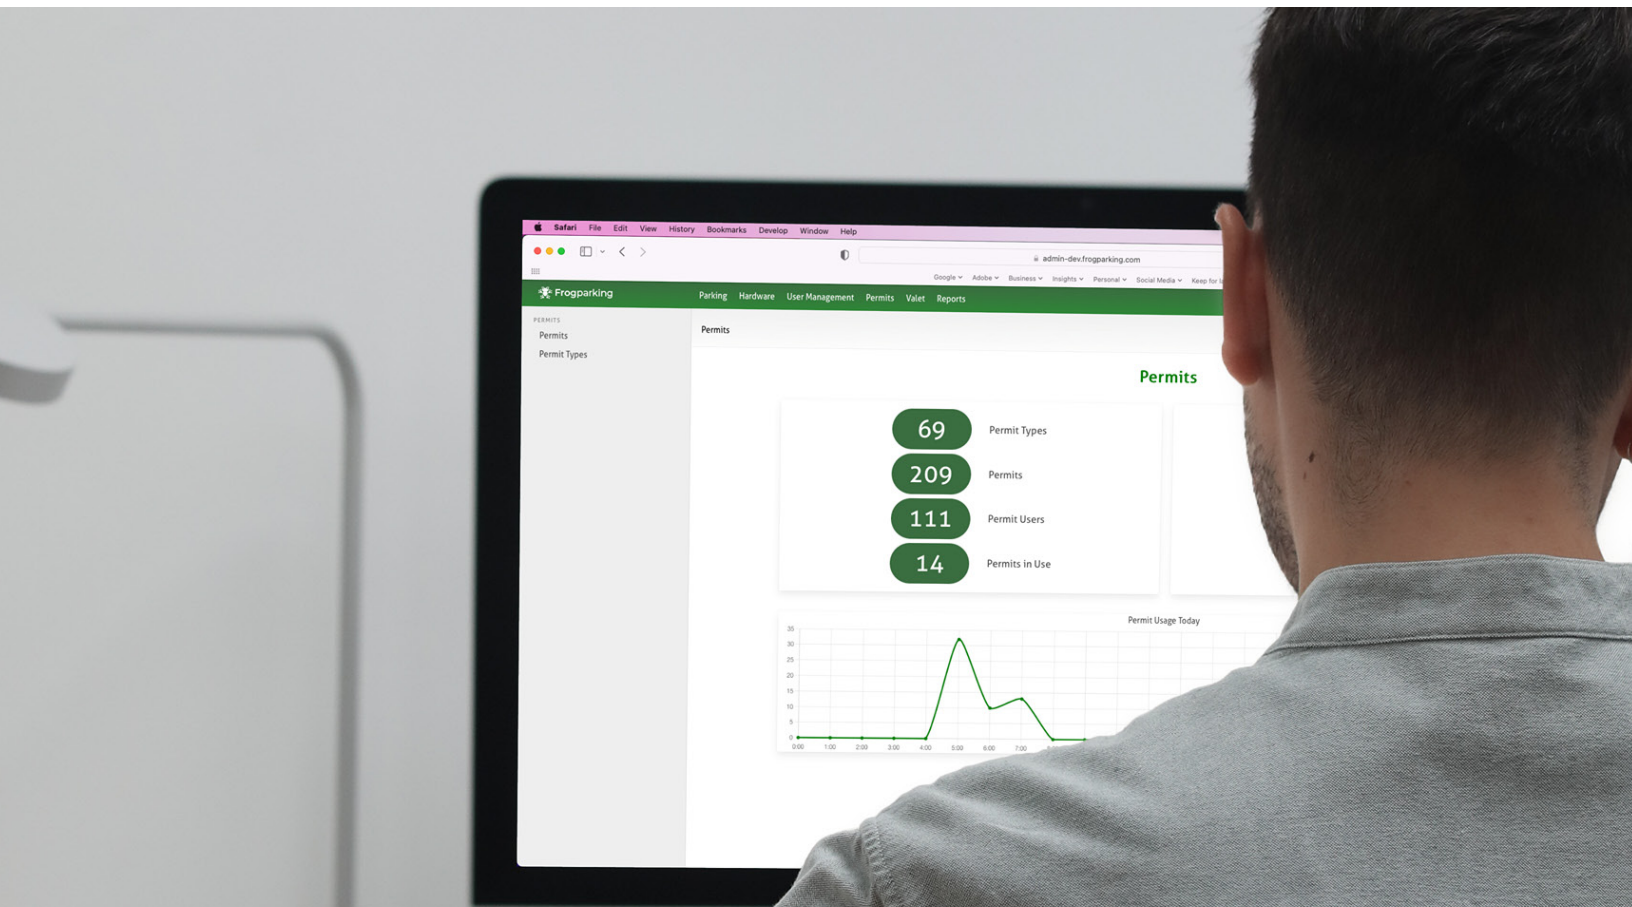

3

### Financial optimization: reducing financial burdens

FrogPermit transforms parking permit management by automating processes, eliminating the need for physical paper permits, and reducing reliance on costly specialized hardware. Through seamless permit management and digital transactions, FrogPermit significantly slashes upfront capital expenditures and ongoing operational costs associated with traditional parking permit systems.

# FrogPermit

## The Dashboard

## Seamless permit management with your **cutting-edge dashboard**.

The permit dashboard, accessible through FrogHub, offers a comprehensive suite of tools for smooth permit management. This user-intuitive interface empowers administrators to oversee active permit types, set permit restrictions, dynamic pricing structures, and swiftly generate new permits with just a few clicks. With the ability to set expiration dates and times, including specific controls for daily usage times, administrators can ensure enhanced security and allocate parking permits tailored to specific users and groups.

Let FrogHub take the hard work out of understanding your data, with instant insights on your parking permit system. Think detailed usage tracking, session history, revenue overview and so much more.

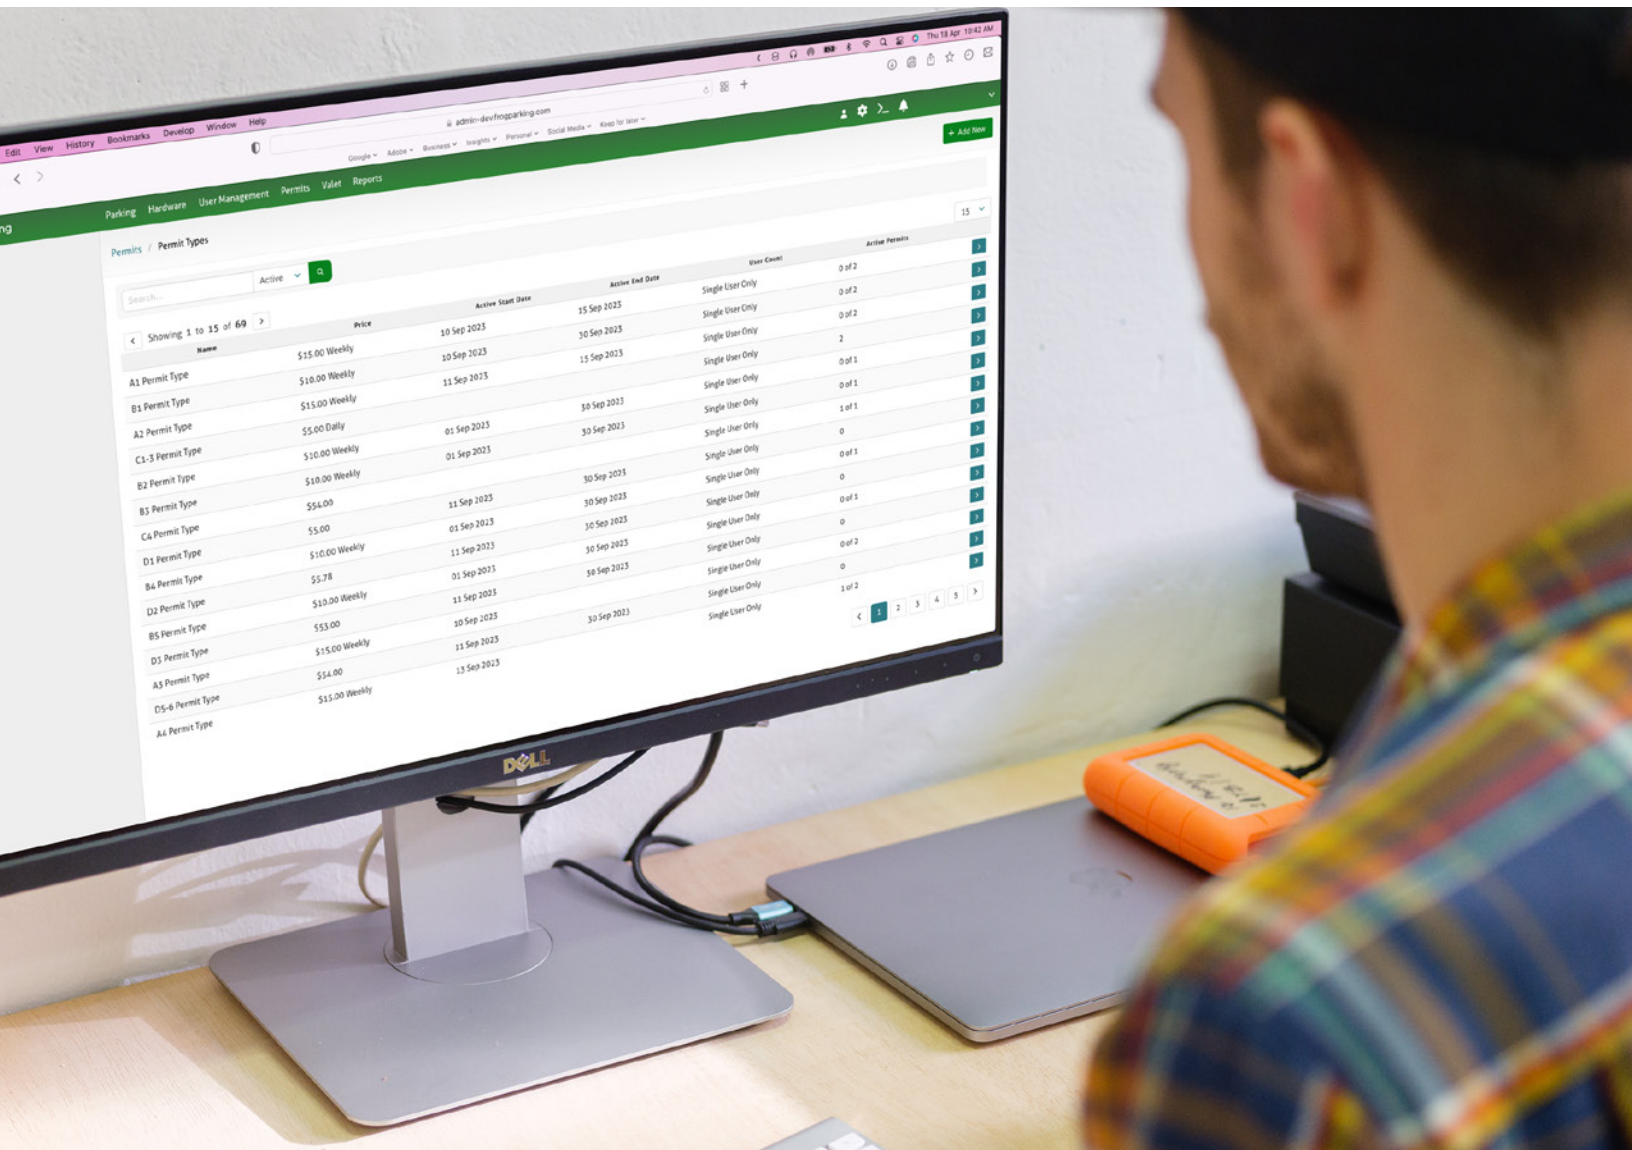

# FrogPermit

## Permit control panel

## Master your management with the **permit control panel.**

Dive into each permit type to reveal a wealth of information, granting you complete visibility over your entire permit inventory. With our intuitive permit management software, you can effortlessly remove or edit existing permits. Smoothly add new permits with a simple click of the 'add new' button. Plus, easily access pricing details and set timeframes, ensuring streamlined management of your permit system.

# FrogPermit

## Customizable permit types

## Craft unique parking experiences by creating custom permit types.

Generating new verified permit 'types' is a breeze with our intuitive platform. Simply navigate to your permit management dashboard, where you'll find the green "+ Add New" button waiting to streamline the process. From there, you'll have the freedom to fully customize a new permit by setting expiry dates and times, assigned spaces, user restrictions, and pricing.

With our 'waitlist' feature you have full control over permit issuance. Simply specify the maximum number of users for the permit type, then toggle the unique 'waitlist' button, ensuring that applicants exceeding your permit limit are waitlisted until trusted spaces become available.

With customization options at your fingertips, the power to create permits that align perfectly with your objectives is entirely yours. Plus, our platform offers complete visibility over all active permits, granting you the ability to edit and customize them whenever necessary.

Unlock the power of the active permit overview panel, your real-time permit log for streamlined management. With this intuitive tool, stay both informed and proactive. Track permit usage frequency and identify trends to make insightful decisions on the fly. Our permit overview panel allows you to monitor verified permit statuses, distinguishing between active, cancelled, and purchased permits at a glance. Here you can identify your top-performing permits to help boost your revenue with targeted strategies. Gain visibility over start and end dates, review any permit in the log, and have the ability to make live changes instantly. Take control of your permit management like never before with our active permit overview panel.

# FrogPermit

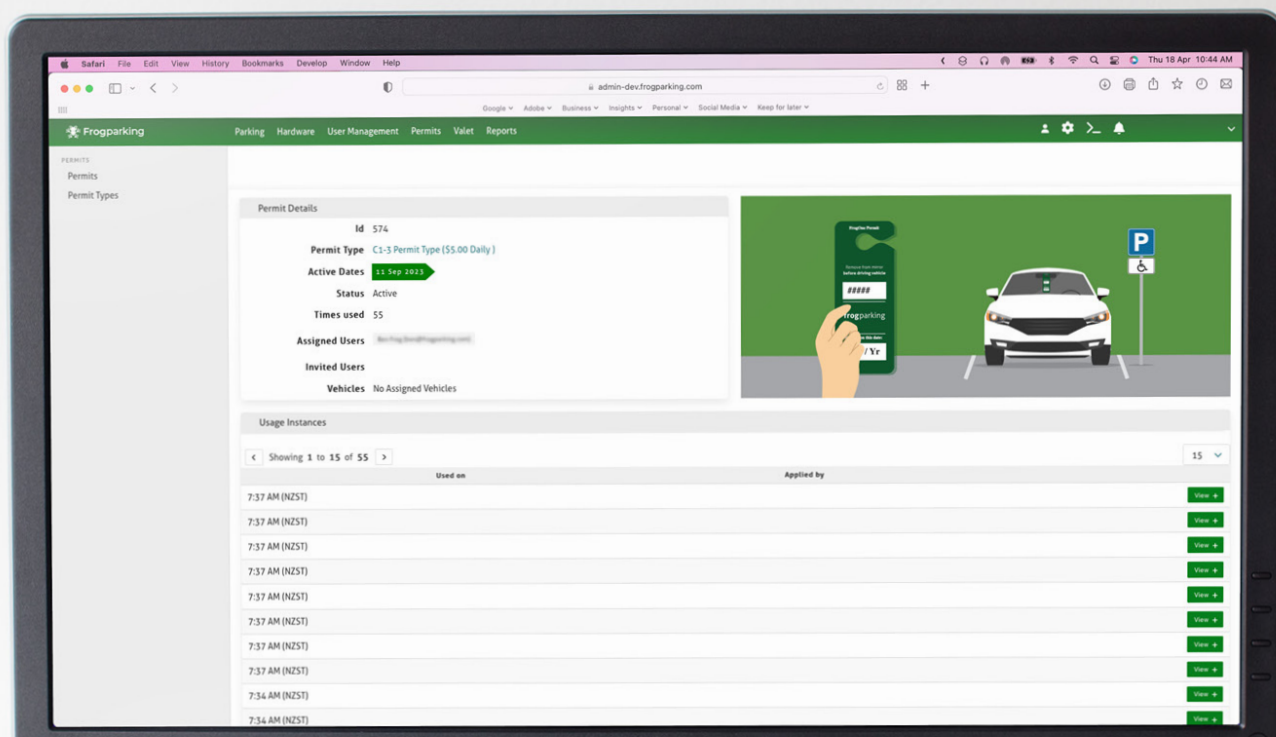

## Individual permit usage

## Click into active permits for **individual permit breakdowns and overview.**

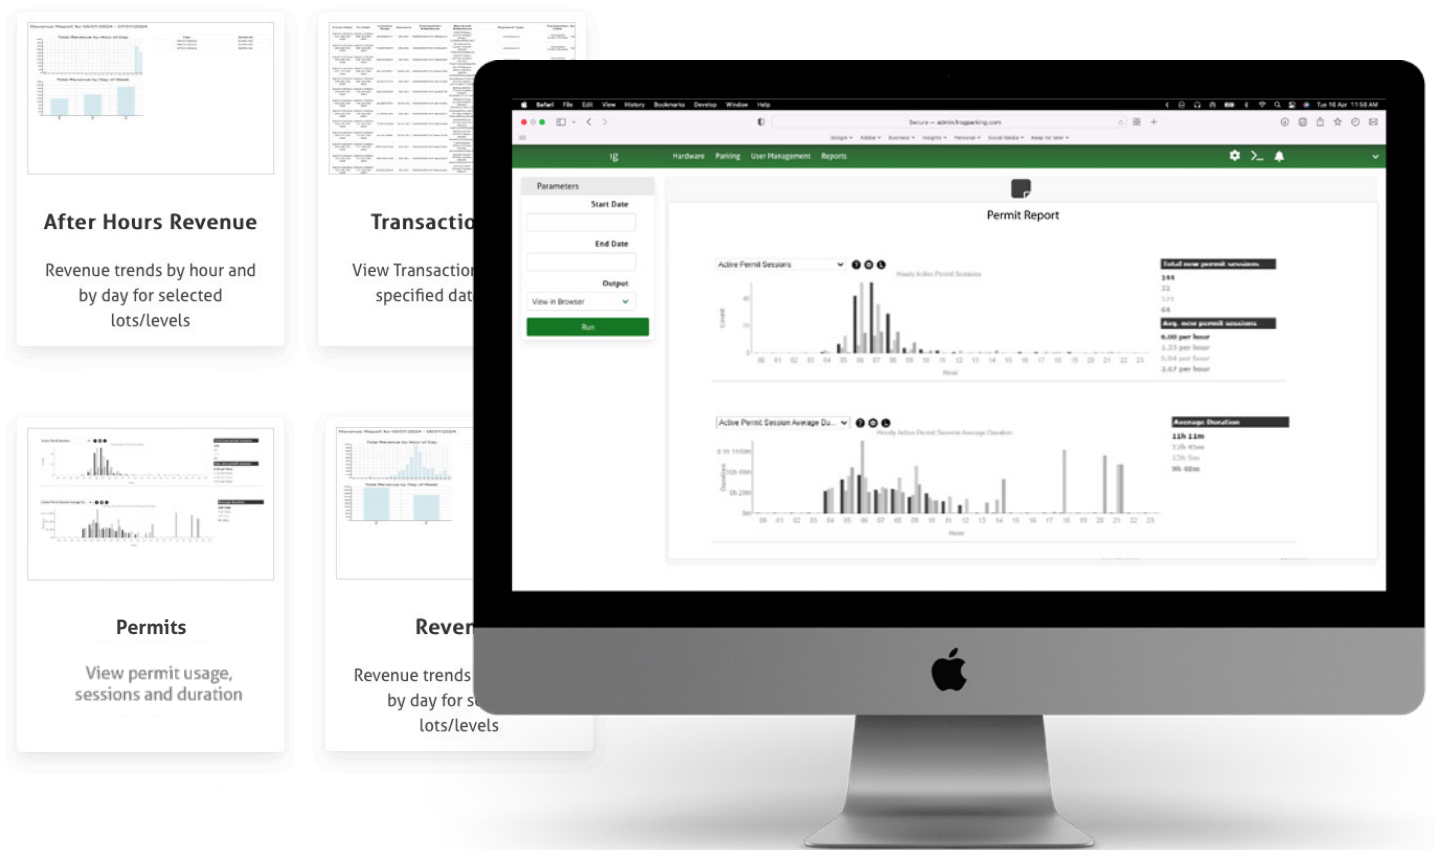

If you're looking for a deeper understanding of how a specific permit is faring, rest assured, we have the tools to provide you with comprehensive insights. Simply click on any active permit, and you'll find a wealth of information at your fingertips.

Track usage patterns, monitor allocations, review application history, and stay updated on the status of each permit—all in real-time. But that's not all. You can also dive into essential details so you have a full overview on current customer trends.

When it comes to managing permits, the power is in your hands. Whether you need to cancel a permit, make edits, or fine-tune settings, you can do it all effortlessly from this convenient central hub. With our intuitive platform, gaining insights and taking action has never been easier.

# FrogPermit Reporting

## Unlock insights with **fully tailored reporting at your fingertips.**

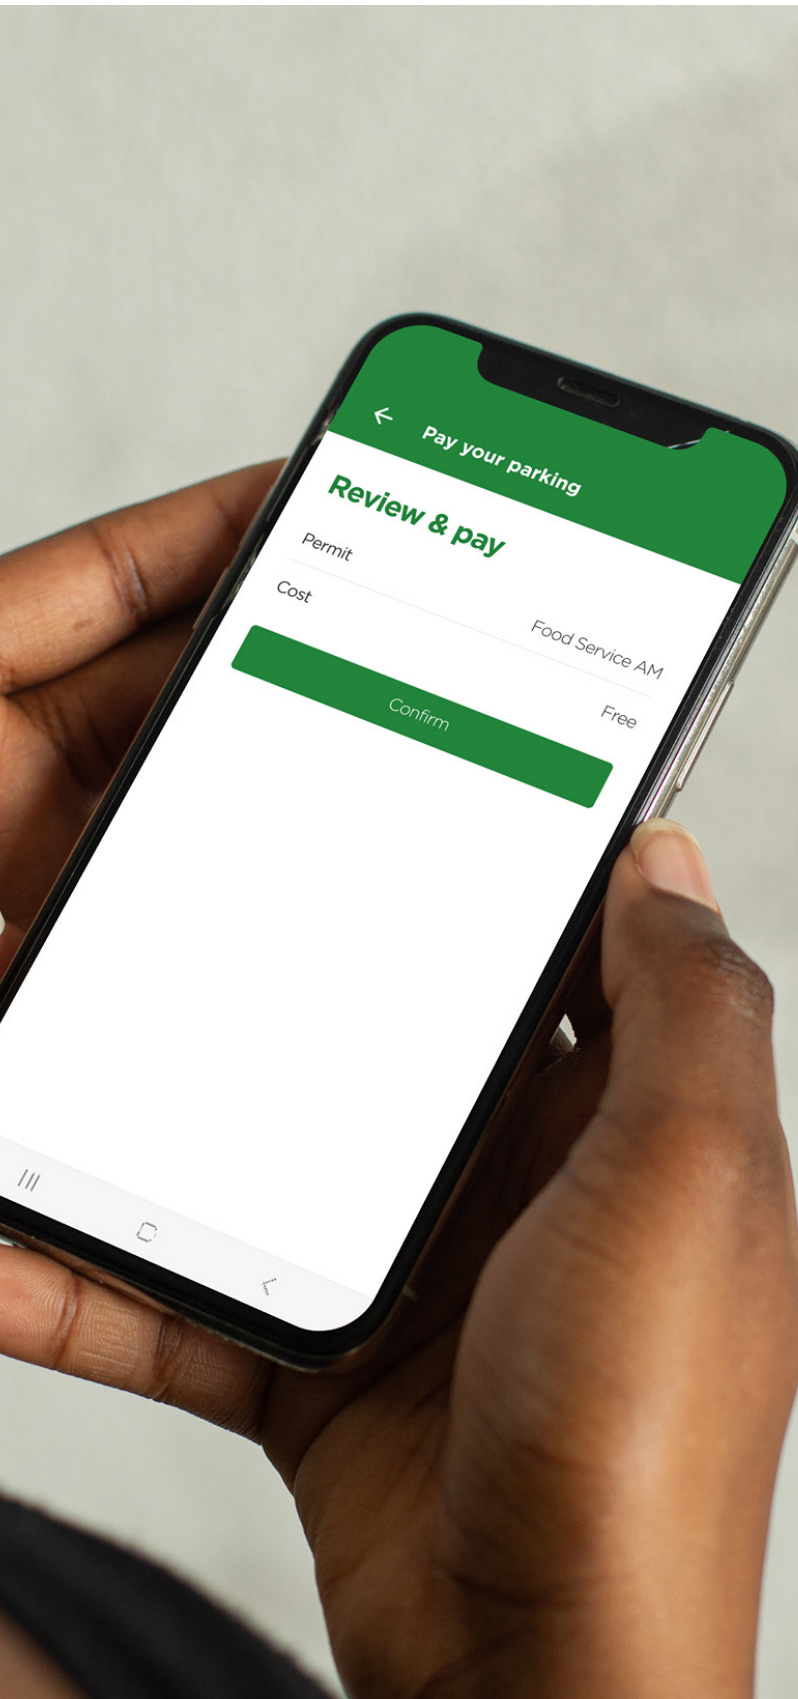

Experience Frogparking's exceptional service, with flexibility to design your own customizable reporting feature that aligns to your operational needs.

With the ability to create tailored reports, you have the power to gain valuable insights instantaneously. With a few simple clicks, you can gain visibility into data like permit usage, session and revenue. You can also choose to dive deeper into a variety of other reports.

The world is your oyster when it comes to parking management reporting – let us know what you need and let us make the magic happen for you.

# FrogPermit

Integrated into FrogMobile

## Simplify permit application **with FrogMobile.** Your mobile parking assistant.

FrogPermit can be seamlessly integrated into FrogMobile, providing customers with a hassle-free solution for applying & purchasing parking permits directly within their smart device.

Users have the flexibility to either pay standard parking rates or apply their purchased permits from the parking payment screen.

By empowering users to manage their own permits, FrogPermit reduces unnecessary administration and eliminates the need for paper permits. With permits easily managed from FrogMobile, parking becomes simpler and more trusted than ever before.
